I am pleased to be applying for the asset to the company as I am having qualities & qualifications to work with your company. What is more, I believe that it would be the opportunity of a lifetime for me to learn new things, further develop my expertise, and grow both personally and professionally.

I have completed my B.ARCH from Gateway College of Architecture & Design, Sonipat, and Haryana - India in 2019.

After that, I started working on multiple projects Individually & in collaborations also till 2020. Then I Joined Masters in Sustainability course in 2020. I did a master's in Sustainability from Deenbandhu Chhotu Ram University of Science & Technology, Murthal Sonipat, and Haryana, India in 2022. During my Master's degree I became GEM CP - Assocham India with good experience in simulation's & calculations. In my Bachelors I did my Internship at Saakar Foundation, Panipat, and Chandigarh. I also worked at Ravinder Bhan & Associates. I am hardworking and work well with the team in any circumstances. I work well on drawings, 3Ds & presentations.

Also, I am working on software like Design Builder, Light Stanza, SketchUp, Enscape, Lumion, Photoshop, E- Quest, AutoCAD & a beginner in Rhino + Grasshopper. It would be great to work with you & your company. I believe that my experience & expertise are perfect for your needs.

Thank you for your time & consideration.

Sincerely,

Piyush Babbar
