

SNEHA SARA VARGHESE

ARCHITECT

Passionate about building design; its evolution from being on paper to something beautiful and elegant on site. I love and enjoy learning and growing with the process of developing a design and detailing, the spaces and their feeling; to bring out something functional and even more beautiful than our imagination; and that evokes a true feeling of happiness, seeing how the design has brought life to its users.

8A, Evalia Apartment,
Near Kannachanthodu junction,
Pachalam P.O, Ernakulam,
Kerala - 682012
